

HellermannTyton

Construction Solutions

**Speed up your projects and save on labor
with our cable management solutions.**

Development and production expertise

Time is money on a construction site. Labor is expensive and can become costlier with turnover or starting shorthanded in the first place.

With our roots on the assembly line, HellermannTyton has fast and easy installations in our DNA. That's just one of the reasons our expertise is critical in the construction segment. For example, our Ratchet P-Clamp is designed for speed and versatility, providing a pre-fabricated solution that didn't exist until we invented it.

Tested in a wide range of industrial markets for decades, HellermannTyton delivers rugged, tailor-made solutions for the construction industry.

Perfect solutions for your cable needs.

HellermannTyton

Products

Bundling & Securing

HellermannTyton's innovative solutions for bundling and securing wires, cables and hoses are designed for high performance and durability. From high heat and heavy duty cable ties, to clamps and edge clips, we offer a comprehensive variety for every application and environment.

CABLE TIES

Available in specialized, high-performance materials, HellermannTyton cable ties come in a variety of sizes to accommodate wire and cable bundles in a range of applications. Choose from high heat and UV resistant nylons and stainless steel materials.

Standard Cable Ties

Heavy Duty Cable Ties

Stainless Steel Cable Ties

Halar and Specialty Material Cable Ties

Screw Mounts

SELF-AFFIXING TIES

Cable ties with an integrated mount offer fast and secure bundling. Choose from a wide variety of mounting styles, including edge clips, fir trees and button heads; for mounting to tubular frames and flat panels.

Edge Clip and Cable Tie Assemblies

CABLE TIE MOUNTS

Mounting bases and cable tie mounts offer endless options to secure and route cable and wire bundles on a variety of surfaces.

FlexTack
Adhesive Mounts

Screw Mounts

Masonry Mounts

RATCHET P-CLAMPS

The industry's only adjustable P-clamp clicks as it closes for a perfect fit around a bundle. The heavy duty, all-weather Ratchet P-Clamp is mated with a metal stamping or an inline mounting fixture to match virtually any application. Its release feature allows easy and nondestructive maintenance without removing the clamp. An integrated cable tie saddle extends its versatility.

CABLE TIE TOOLS

EVO® Series manual tools are designed to be the most ergonomic tools on the market.

EVO 7
(for 18-80 lb cables ties)

MK9SST
(for stainless steel ties)

CLIPS AND CLAMPS

Choose from a wide range of clips and clamps to route and secure flat and round wires, cables and hoses.

Nail Clips

Omega Clips

CABLE CONNECTORS

HelaCon Plus Mini connectors fasten two or more electrical conductors together. Mini connector has a low profile design, double springs for easy insertion and can accommodate both Stranded and solid wire.

HelaCon Plus Mini

HellermannTyton's network solutions deliver high performance and proven reliability to homes, offices and municipalities. They are designed to meet the demanding needs of providers, installers and users.

BROADBAND SOLUTIONS

Connect a home or an entire city. With support for one to over 1440 fibers, HellermannTyton has an OSP solution to fit any size buildout, upgrade or topology.

Routing & Protection

HellermannTyton offers a wide variety of cable protection methods and systems providing varying degrees of protection against debris, liquids, abrasion, puncture and extreme temperatures. Manufactured of advanced materials to withstand heat, UV light, vibration and chemical exposure, our protection solutions offer superior performance and flexibility with minimal weight.

CABLE PROTECTION

Wrap style sleeving products feature a lateral split and overlapping design, for easy installation. Tubing style wraps provide advanced protection from abrasion and impact.

CABLE ROUTING

Easy to configure and install, these durable and aesthetically pleasing cable management solutions protect and route data and power cables.

Low Voltage Surface Raceway

Power Rated Raceway

Print and label electrical, data and automation equipment with confidence.

LABELS AND PRINTERS

Designed for lasting performance, HellermannTyton labels, placards and nameplates help create efficient and safe environments by marking hazards, equipment and network components. HellermannTyton thermal transfer printing systems, label design software and mobile apps enable easy, long-lasting labeling to help meet codes and standards.

Voltage Marker	Safety Signs		

TEMPORARY SIGNS AND MARKERS

These products use a high-performance, temporary adhesive to bond to walls and most other surfaces. Create ANSI-compliant signs to warn work crews and passersby of site hazards. Use the markers to create and track punch list items such as repairs to newly painted walls following inspection.
